 ARCHER N *see* EVANS N and ARCHER N  
 ARCHIVIST  
 AIDS in Romania, 293  
 All Greek, 1276  
 Asthma paralysis (Hopkins' syndrome), 217  
 Breast feeding and urinary infection, 759  
 Brittle bones and battered babies, 975  
 Chinese paralytic syndrome, 339  
 Ciprofloxacin toxicity, 1285  
 Co-trimoxazole and life in the raw, 505  
 Cutting the corpus callosum for intractable epilepsy, 997  
 Dr Florence Siebert (1897-1991): she gave us PPD, 255  
 Dyslexia, 1119  
 Food and stimulation are good for children, 740  
 Human herpesvirus-6, 500  
 If children got more calcium, 1446  
 Maternal chickenpox, 1002  
 Maternal diabetes and the fetal heart, 1045  
 Maths and mumps, 1102  
 Meningococcal disease and the flu, 311  
 Methotrexate for severe asthma, 1352  
 MMR x 27, 769  
 Not by vitamin A alone, 1441  
 Occult liver injury in child abuse, 1127  
 Pain relief, 924  
 Persistent proteinuria, 564  
 Pertussis, pertussis, pertussis, 899  
 Pertussis (2): acellular vaccines and household contact, 904  
 Pertussis (3): non-acceptance of vaccine, 910  
 Pertussis (4): prophylactic erythromycin, 919  
 Prolactin and seizures, 555  
 Prolonged acute crying in a young child, 183  
 Proselytising neurodevelopmentalists, 523  
 Septic shock: no, no, NO, 934  
 Sisters of fragile X boys, 1337  
 Smart from the start, 1072  
 That disease again, 1401  
 The geneticist's dilemma, 668  
 The uses of laparoscopy, 631  
 Turning off the bilirubin tap, 1133  
 Vitamin A again, 288  
 Water intoxication, 188  
 When is a haemangioma not a haemangioma?, 723  
 Would a cytomegalovirus vaccine prevent congenital infection? 888 *fn*

## VOLUME 67 · SUBJECT INDEX

- Abdominal pain, in Henoch-Schönlein purpura: *correspondence*, 256
- Abnormality, fetal, audit of its recognition and management, 770 *fn*
- Accident and emergency department, paediatrics: *current topic*, 560: *correspondence*, 1319
- Accidental deaths, coroners' records: *correspondence*, 664
- Accidents, on hospital wards: *correspondence*, 151
- Acyl-CoA dehydrogenase deficiency, medium chain: *regular review*, 142
- Adenovirus infection, causing toxic shock-like syndrome, 1112
- Adhesion, preterm babies, 813 *fn*
- Admissions  
multiple, under 2 years of age: *correspondence*, 256  
*see also* Hospitalisation
- Adolescents, hospitalised, suitability of paediatric setting, 1506
- Aerosol delivery system, new, for neonatal ventilator circuits, 826 *fn*
- Aerosol drug delivery to intubated neonates: *correspondence*, 885 *fn*
- Aerosols, therapeutic, delivery to intubated babies, 25 *fn*
- African children in Britain: *current topic*, 1402
- AIDS, in Romania: *Archivist*, 293
- Alcoholic mothers, dysmorphic features in offspring, 712
- Allergic disorders, cord blood lymphocyte responses to food antigens for prediction, 1003
- Allergic rhinitis, genetic risk, 1018
- Allergic sensitisation, enhanced, related to parental smoking, 496
- Alloantigen-presenting capacity, defective, of 'Langerhans cell histiocytosis cells', 1370
- 5-Alpha-reductase deficiency, early diagnosis and management, 720
- Aminophylline, intravenous, and cerebral blood flow, preterm infants, 416 *fn*
- Amyloidosis, reactive: *annotation*, 258
- Anaemia, severe, and ileocolic anastomotic ulceration, 1385
- Anaemia of prematurity, serum erythropoietin concentrations in symptomatic infants during, 818 *fn*
- Angelman's syndrome: *annotation*, 889
- Animal experimentation, nitric oxide and septic shock: *Archivist*, 934
- Anorexia nervosa, diagnosis and recognition by doctors, 103
- Antenatal diagnosis of inborn errors of metabolism: *correspondence*, 152
- Antenatal Doppler studies, in prediction of impaired metabolic adaptation in small for gestational age fetuses, 789 *fn*
- Antibiotic choices for meningitis beyond the neonatal period: *annotation*, 157
- Antigen, urinary, detection, in early onset group B streptococcal disease, clinical application, 1198 *fn*
- Antiphospholipid antibody associated thrombosis in JCA, 1384
- Apgar score, do we need: *annotation*, 765 *fn*
- Apnoea  
neonatal, caffeine or theophylline for treatment, 425 *fn*  
of prematurity, upper airway patency during, 419 *fn*
- Arginine vasopressin, plasma and cerebrospinal fluid, with and without fever, 998
- Aristotle, Francois Mauriceau, and plagiarism: *correspondence*, 153
- Asphyxia  
perinatal  
full term infants, breathing pattern abnormalities, 440 *fn*  
outcome, and somatosensory evoked potentials, 393 *fn*
- Asplenia, familial: *correspondence*, 665
- Asthma  
acute, pulse oximetry: *correspondence*, 567  
childhood, psychological treatments: *annotation*, 891  
exercise induced, prevention by inhaled salmeterol xinafoate, 1014  
follow up statement from international paediatric asthma consensus group, 240: *correspondence*, 760, 1059  
genetic risk, 1018  
inhaled corticosteroid treatment, and growth, 703  
inhaled medication, measuring compliance, 332  
middle lobe syndrome, role of infection, 592  
paralysis (Hopkins' syndrome): *Archivist*, 217  
severe, methotrexate: *Archivist*, 1352  
severe acute, terbutaline sulphate Turbuhaler: *correspondence*, 1414
- Asthmatic children, inhaled frusemide against cold air induced bronchoconstriction, 214
- Athetoid cerebral palsy with cysts in the putamen after hypoxic-ischaemic encephalopathy, 846 *fn*
- Atlantoaxial subluxation, radiological reliability: *correspondence*, 256
- Atopic dermatitis  
food sensitive, IL-2 production of lymphocytes, 280: *correspondence*, 1413  
genetic risk, 1018  
increased plasma tumour necrosis factor- $\alpha$  concentration, 277
- Atopic disease, risk of developing after early feeding with cows' milk based formula, 1008
- Atopic eczema, tartrazine, 709
- Atopic predisposition, and early immune responses to *Dermatophagoides pteronyssinus*, 1023
- Atopy, bronchial responsiveness, and symptoms in wheezy 3 year olds, 491
- Atrial natriuretic peptide, and persistent pulmonary hypertension of the newborn: *correspondence*, 1410
- Audio recordings, of outpatient consultations, should they be presented to patients?, 622
- Audit  
annual, of neonatal morbidity, preterm infants, 1174 *fn*  
in outpatient clinics, problems, consultation time, and workload, 206  
preschool vision screening, 1292  
of screening for congenital hypothyroidism, 1073
- Auditory response cradle, in hearing impairment screening in the newborn, 911
- Australia, challenges for child health, 1406
- Auto Injector and pen injection system, crossover trial for biosynthetic human growth hormone administration, 994
- Autonomic nervous system, role in sudden infant death syndrome: *current topic*, 654
- Autoregulation, failure, and cerebrovascular carbon dioxide reactivity, preterm infants, 835 *fn*
- Babies, perception for faces/moving patterns: *Archivist*, 1072
- Bacterial meningitis, *see* Meningitis
- Basal metabolic rate, and energy intake, during maintenance chemotherapy, 229: *correspondence*, 1318
- BCG immunisation, neonatal: *annotation*, 473: *correspondence*, 1318
- BCG vaccination  
at birth and third month of life compared, 80: *correspondence*, 1134  
neonatal, tuberculin skin reactivity four years after, 530
- BCG vaccine, occurrence of suppurative lymphadenitis after a change, 952
- Beclomethasone dipropionate, technique for delivery to neonatal lungs, 20 *fn*
- Bed wetting, desmopressin for, length of treatment, vasopressin secretion, and response, 184: *correspondence*, 1134
- Behaviour therapy, child, counselling parents, 536
- Beta glucuronidase, and hyperbilirubinaemia, in breast fed infants of diabetic mothers, 120: *correspondence*, 760
- Bezoar, renal candidal, neonatal, 63 *fn*: *correspondence*, 1244 *fn*
- Biliary atresia, importance of early diagnosis: *correspondence*, 665
- Bilirubin, and haem oxygenase inhibitors, in Crigler-Najjar disease: *Archivist*, 1133
- Biotinidase K<sub>m</sub> variant, causing late onset bilateral optic neuropathy, 115
- Birthweight  
and hospital admission before the age of 2 years, 900  
low, *see also* Scottish low birthweight study  
ratio, in public health: *correspondence*, 666  
very low  
effect of patency of ductus arteriosus on blood pressure, 1169 *fn*  
kidney function: *annotation*, 1139 *fn*  
renal function. 1. Glomerular filtration rate, 1140 *fn*; 2. Urea and creatinine excretion, 1146 *fn*; 3. Sodium, potassium, and water excretion, 1154 *fn*; 4. Glucose excretion, 1162 *fn*  
ventilator dependent, indirect calorimetry system, 315: *correspondence*, 1411
- Blistering, recurrent, solitary mastocytoma causing, in infancy, 1038
- Blood pressure  
in childhood, influence of maternal and intrauterine factors, 1423  
home monitoring, in diabetes, 636  
in very preterm infants, effect of patency of ductus arteriosus, 1169 *fn*
- Body proportions and height, in child abuse, 632
- Bone age, social deprivation, and single parent families, 1281
- Bone mineral density, adult, growth hormone deficiency during puberty reduces, 1472
- Bradycardia, episodic, preterm infants, 831 *fn*
- Breast feeding  
and oral rehydration at home during diarrhoea to prevent dehydration, 1027  
and urinary infection: *Archivist*, 759
- Breathing pattern  
abnormalities, in full term asphyxiated newborn infants, 440 *fn*  
effect of positioning, preterm infants, 312
- Brittle bones and battered babies: *Archivist*, 975
- Bronchial responsiveness  
atopy, and symptoms in wheezy 3 year olds, 491

- in children with respiratory symptoms, profile, 574  
and lung function, in lower respiratory tract illness over the first six months of life, 1454  
wire reclamation causing air pollution, 488
- Bronchiolitis**  
mild, and bronchodilators, factorial randomised trial, 289  
respiratory status and allergy after, 482
- Bronchodilators**, in mild bronchiolitis, factorial randomised trial, 289
- Bronchopulmonary dysplasia**  
catabolic effect of dexamethasone, preterm baby, 1 *fn: correspondence*, 885 *fn*  
dexamethasone, plasma aminogram changes and parenteral feeding, 1193 *fn*  
dexamethasone increases plasma amino acid concentrations, 5 *fn*
- Bronchoscopy** in lipoid pneumonia, 1376
- Budesonide**  
inhaled, for chronic wheezing under 18 months, 285  
nebulised, amount reaching infants and toddlers, 1077
- Creactive protein**, indicator of infection in neonates, 808 *fn*
- Cadogan, Dr William (1711-1797)** of Bristol, and management of infants: perinatal lessons from the past, 72 *fn*
- Caffeine** or theophylline for neonatal apnoea? 425 *fn*
- Calcium supplements**: *Archivist*, 1446
- Calorimetry** system, indirect, for ventilator dependent very low birthweight infants, 315: *correspondence*, 1411
- Candida** strains from neonates, special care baby unit, 48 *fn*
- Candidal bezoar**, renal, neonatal, 63 *fn: correspondence*, 1244 *fn*
- Carbamazepine** and sodium valproate in epilepsy, psychological effects, 1330
- Carbon dioxide reactivity**, cerebrovascular, and failure of autoregulation, preterm infants, 835 *fn*
- Cardiac tumours**, in intrauterine life, 1189 *fn*
- Cardiopulmonary resuscitation**, ethics  
background to decision making, 1498  
medical logistics and potential for good response, 1502
- Care**, paediatric, and child health, Spain, where are we going?, 751
- Carobel** and Gaviscon, compared with cisapride, in gastro-oesophageal reflux, 618
- Categories** of babies requiring neonatal care, British Association of Perinatal Medicine and Neonatal Nurses Association working group report, 868 *fn*
- Catheter**, saphenous vein, migration, recovery of intralipid from lumbar puncture after, 1201 *fn*
- Centiles** for adult head circumference, 1286
- Central nervous system trauma**, association with juvenile delinquency, 1459
- Central venous pressure**, in ventilated neonate, 374 *fn*
- Cerebral blood flow**  
and intravenous aminophylline, preterm infants, 416 *fn*  
velocity, slow variability, postnatal evolution, 412 *fn*  
velocity changes  
after rapid administration of surfactant: *correspondence*, 470 *fn*  
regional, after indomethacin infusion, preterm infants, 851 *fn*
- Cerebral blood volume**  
cyclical fluctuations, 62 *fn*  
near infrared spectroscopic monitoring, plethysmographic validation, 407 *fn*
- Cerebral haemorrhage**, and preterm survival, trends: *correspondence*, 352
- Cerebral palsy**  
increasing contributor to severe mental retardation: *current topic*, 1050  
recommendations for food consistency, 269
- Cerebral shrinkage**, reversible, in kwashiorkor, MRI study, 1030
- Cerebrovascular carbon dioxide reactivity** and failure of autoregulation, preterm infants, 835 *fn*
- Chemotherapy**  
maintenance, energy intake and basal metabolic rate during, 229: *correspondence*, 1318  
related late effects, avoiding, in children with curable tumours: *controversy*, 1116
- Chickenpox**, maternal: *Archivist*, 1002
- Child abuse**  
ABC: *correspondence*, 663  
and brittle bones: *Archivist*, 975  
height and body proportions, 632  
and occult liver injury: *Archivist*, 1127  
suspected, cost in medical time and finance, 905
- Child health**  
Australia, challenges, 1406  
and paediatric care in Spain, where are we going?, 751  
service, combined, building: *current topic*, 1298
- Child sexual abuse**, anal abnormalities in childhood myotonic dystrophy  
possible source of confusion, 527: *correspondence*, 1412
- Children** injured by other children: *correspondence*, 568
- Chinese paralytic syndrome**: *Archivist*, 339
- Chloroquine**, in idiopathic pulmonary haemosiderosis, 625
- Choking attacks**, child, and consumer safety: *correspondence*, 664
- Chronic fatigue syndrome**, joint paediatric-psychiatric approach: *personal practice*, 550: *correspondence*, 1410
- Chronic renal failure**, foregut motor function, 1343
- Ciprofloxacin toxicity**: *Archivist*, 1285
- Cirrhosis**, advanced, intensive enteral feeding, reversal of malnutrition without precipitation of hepatic encephalopathy, 603
- Cisapride**, compared with Gaviscon and Carobel, in gastro-oesophageal reflux, 618
- Clubfoot**, Felix Würtz of Basel (1518-75): *perinatal lessons from the past*, 1242 *fn*
- Clumsiness** in 5 year olds, and very low birthweight, 687
- Co-morbidity** associated with fabricated illness, 77
- Co-trimoxazole**, pneumonia treatment in remote Nepal: *Archivist*, 505
- Coagulation screening tests**, in high risk neonates, prospective cohort study, 1196 *fn*
- Cochlear implantation**, paediatric: *annotation*, 669
- Celiac disease**  
and lymphangiectasia, 134  
salivary IgA anti gliadin antibody as marker, 724
- Colloid infusions**, in hypotensive preterm infants, randomised controlled trial, 1185 *fn*
- Colour Doppler flow mapping**, in intermittent ductal patency in healthy newborn infants, 1217 *fn*
- Communicable disease**, in day care centres, control policies, 1103
- Complement activation** in neonatal infection, 802 *fn*
- Computed tomography**  
findings in partial seizures, 693  
lumbar puncture, place in suspected bacterial meningitis: *annotation*, 1417
- Congenital dislocation of the hip**, complications of splintage: *correspondence*, 568
- Congenital heart disease**  
definitive surgery, current status: *annotation*, 981  
population screening for prenatal diagnosis, potential impact, 775 *fn*
- Conjunctivitis**, meningococcal, neonatal, associated with meningococcal meningitis, 1219 *fn*
- Consent to treatment in childhood**: *annotation*, 1247
- Constipation**, chronic, management: *personal practice*, 340
- Consultation time**, workload, and problems for audit in outpatient clinics, 206
- Consumer safety**, and child choking attacks: *correspondence*, 664
- Cord blood lymphocyte responses** to food antigens for prediction of allergic disorders, 1003
- Coronary artery lesions**, and mononuclear cell subsets, in Kawasaki disease, 706
- Coroners' records**, accidental deaths: *correspondence*, 664
- Corpus callosum surgery** for intractable epilepsy: *Archivist*, 997
- Correction**, 1324
- Correlation and regression in statistical analysis**: *statistics from the inside*, 1306
- Corticosteroid treatment**, inhaled, for asthma, and growth, 703
- Cot death**, reducing risk: *correspondence*, 663
- Cotton wool**, for urine specimen collection, and recovery of protein, 1486
- Counselling parents** in child behaviour therapy, 536
- Courts**, and parenting breakdown, dealing with, 745
- Cows' milk based formula**, early feeding, and risk of developing atopic disease, 1008
- Crigler-Najjar disease**, tin mesoporphyrin in management: *Archivist*, 1133
- Crying**, prolonged acute, young child: *Archivist*, 183
- Cryptorchidism**  
late diagnosis, a medical screening failure?, 728  
prospective study of 7500 consecutive male births, 1984-8, 892
- Curable tumours**, avoiding chemotherapy related late effects, children: *controversy*, 1116
- Cystic fibrosis**  
absence, and meconium ileus, 1204 *fn*  
effect of taurine supplementation on fat and energy absorption, 1082  
IgG antibodies in early *Pseudomonas aeruginosa* infection, 737  
interleukin-2 receptor, raised serum concentrations, 479  
*Pseudomonas cepacia* and *Pseudomonas naltrophila*, controlled study, 192  
value of serum IgG titres against *Pseudomonas aeruginosa*, 1086
- Cytochrome c oxidase deficiency**, and reversible mitochondrial myopathy, 1033
- Cytomegalovirus**  
prevalence in pregnant women, influence of parity, 779 *fn*  
vaccine, would it prevent congenital infection: *Archivist*, 888 *fn*
- Data structures**: *statistics from the inside*, 533
- Data structures (continued)**: *statistics from the inside*, 757
- Day care centres**, communicable disease, control policies, 1103
- Deaths**, at home and in hospital, Zimbabwe, 600
- Delayed surgery** for congenital diaphragmatic hernia, neuro-

- developmental outcome in later childhood, 1353
- Delinquency, juvenile, association of perinatal events, epilepsy, and central nervous system trauma, 1459
- Delinquents, treatment, 1392
- Denman, Dr Thomas, of London (1733-1815), rupture of the membranes and management of the cord: *perinatal lessons from the past*, 882 *fn*
- Dermatitis, severe atopic, thymopentin treatment, 1095
- Dermatophagoides pteronyssinus*, early immune responses, and atopic predisposition, 1023
- Desmopressin, for bed wetting, length of treatment, vasopressin secretion, and response, 184: *correspondence*, 1134
- Developing world, experience with Médecins Sans Frontières, 330
- Developmental delay, in very preterm infants, and transient hypothyroxinaemia, 944
- Dexamethasone
- for bronchopulmonary dysplasia
  - and gastroduodenal perforation, preterm babies: *correspondence*, 470 *fn*
  - plasma aminogram changes and parenteral feeding, 1193 *fn*
  - catabolic effect in preterm baby, 1 *fn*: *correspondence*, 885 *fn*
  - and gastrointestinal complications: *correspondence*, 667
  - increases plasma amino acid concentrations in bronchopulmonary dysplasia, 5 *fn*
  - treated babies, prophylactic use of ranitidine: *correspondence*, 471
  - treatment during ventilator dependency, possible life threatening gastrointestinal complications, 10 *fn*
  - use in meningitis: *current topic*, 1398
- Diabetes
- failure to prevent nicotine addiction in young people, 100
  - home blood pressure monitoring, 636
  - insulin dependent
